# Roller Ball

Big fun on small footprint

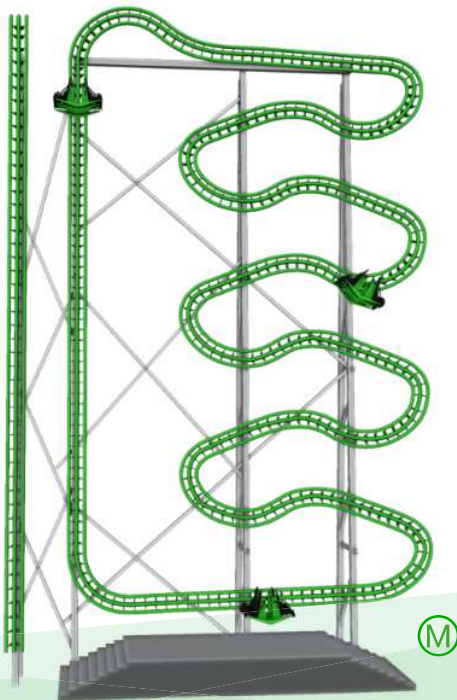

# Roller Ball

This award-winning family coaster is pure fun for the entire family and an eye-catcher in every park.

On this vertical coaster the passengers get the sensation being a pinball while safely running down the track in a 4-seat gondola with individual lap bars. Due to the acceleration and deceleration, the gondola is swinging around the vertical curves in combination with a free fall feeling.

Three standard sizes (S/M/L) with different ride length and height are available for outdoor or indoor installation.

Despite the ultra-small footprint, the “Roller Ball” offers a wide range of variation to fit almost any requirement. Ask for your custom-made theming to get your very own and unique “Roller Ball”.

## Technical Specification
